DESCRIPTION

Adjustable Desk Mount for Dual Monitors from 17" to 32"

The SMM-112PR is an adjustable desk mount specifically designed for those seeking an efficient and flexible solution for dual monitors ranging from 17 to 32 inches. Featuring a sturdy black design and VESA compatibility of 75 x 75 and 100 x 100, this mount allows for complete freedom and comfort in adapting and positioning monitors—perfect for modern, ergonomic workstations.

Total Adaptability for Customized Setups

- Versatile adjustments: The articulated arms allow height adjustments up to 41.5 cm and distance regulation from the desk, offering flexibility to suit any user and space.
- Precise orientation and angles: Its 360° rotation, ±90° tilt, and ±90° horizontal adjustment make it easy to find the ideal position, optimizing posture and reducing eye and neck strain.
- Installation options: The SMM-112PR can be mounted on the edge of the desk or fixed through a drilled surface, keeping the workspace tidy and cable-free thanks to its integrated cable management system.

Why Choose the SMM-112PR?

This mount is ideal for professionals who need a sturdy and adjustable solution for dual monitor setups, supporting up to 9 kg per screen. With its wide range of adjustment options, the SMM-112PR provides stability and flexibility in any office environment, ensuring an ergonomic and comfortable user experience.
