DESCRIPTION

Sturdiness and Flexibility in a Wall Mount for Large TVs

The MOV-684PR mount is the perfect solution for large-format TVs, compatible with screens from 43" to 100" and supporting up to 75 kg of weight. Its swivel and tilt design allows the screen to be adjusted within a 120° horizontal range and a -15°/+5° vertical range, ensuring the best viewing angle regardless of the audience's position. Finished in an elegant black color, this mount adds a modern and functional touch to any space.

Versatile Mounting and Superior Safety

Thanks to its adaptable VESA adjustment system with multiple configurations (200x200, 400x200, 300x300, 400x400, 600x400, 800x400), the MOV-684PR is compatible with a wide variety of TVs. Installation is secure and straightforward, including high-strength Fischer wall plugs and a mounting template to ensure precision. Additionally, it features a bar locking system and cable holders, guaranteeing a firm hold and an organized installation.

Why Choose the MOV-684PR?

Full Adjustment: Offers an adjustable distance from the wall between 6.9 and 63.5 cm, providing greater flexibility in any space.

Precision and Stability: Includes a bubble level for exact installation and a horizontal adjustment of ±3°.

Aesthetics and Functionality: Robust and discreet design in black, with details designed for a clean and professional installation.

This mount is designed for those seeking a durable accessory that adapts to the viewing demands of large-format screens.
