

CENTRALINA DI CONNESSIONE AUDIO VIDEO

VGA, HDMI, 3.5 jack, USB B
connection box

Reference: WPL-403

Connection box with VGA, HDMI, stereo audio and USB B connectors **BENEFITS** Centralizes the A / V (HDMI, VGA), audio (3.5 mm stereo jack) and data (USB B) connections. Allows you to connect laptops with HDMI or VGA output to an HDMI or VGA screen, TV or projector in the installation, as well as audio devices with a 3.5 mm stereo jack connector. In addition, it has a USB B port to transmit data and connect peripherals. The rear panel cables are kept hidden allowing for a neat and clean aesthetic on installation. The female connectors on the front allow a quick connection of the devices. Sturdy steel construction, with an attractive white design, easily integrated into any space. Easy installation. **APPLICATIONS** For boardrooms, conference rooms, training rooms, etc. **TECHNICAL DATA** 1 VGA, D15 female 1 HDMI female 1 stereo audio, 3.5 mm jack 1 USB B
