

ALTOPARLANTE 6" DA SOFFITTO SENZA CORNICE, LINEA 100V

Frameless grille ceiling
speaker

Reference: GAT-4507

Ceiling loudspeaker **BENEFITS** Modern design with low profile frameless round grid, which allows it to go unnoticed in any installation. Offers crystal clear highly nuanced sound, making it perfect for voice and background music settings. The body made of ABS together with the steel protection grille ensures durability. It has a simple installation system with catches, minimising assembly time. The screws are fully concealed behind the grille. **APPLICATIONS** For background music and voice announcements in 100V line installations in offices, small shops, restaurants, waiting rooms, etc. **TECHNICAL DATA** Loudspeaker 6" double cone 7 W RMS@100 V Response 110-15,000 Sensitivity 90 dB at 1 W/1 m
